businesses to enhance their roles in the community and improve marketability • Projects: Find My Ride (iOS), TED*Rutgers (Web), Event Attendance Tracker (iOS), EB Model United Nations Conference (Web), Blackjack (Java), Asteroids (Java) ZK Technology Technology Intern • Created a shipping rate calculator using JavaScript and information from FedEx, UPS, etc. to save the company thousands of dollars from miscalculated shipping costs • Analyzed, graphed, and presented purchasing trends of customers using Microsoft Excel and PowerPoint to improve daily business operations and customer interactions Leadership Activities TED*Rutgers Technology Director • Developed, designed, and maintained the conference website, using HTML, CSS, JavaScript, and Bootstrap, to handle event logistics, registration, and ticket selling • Coordinated all technology related needs, such as live feeds, stage lighting, audiovisual systems, and photography, for university wide events IEEE Machine Learning Team	East Brunswick, NJ
EB Model United Nations Conference (Web), Blackjack (Java), Asteroids (Java) ZK Technology Technology Intern Created a shipping rate calculator using JavaScript and information from FedEx, UPS, etc. to save the company thousands of dollars from miscalculated shipping costs Analyzed, graphed, and presented purchasing trends of customers using Microsoft Excel and PowerPoint to improve daily business operations and customer interactions TED*Rutgers Technology Director Developed, designed, and maintained the conference website, using HTML, CSS, JavaScript, and Bootstrap, to handle event logistics, registration, and ticket selling Coordinated all technology related needs, such as live feeds, stage lighting, audiovisual systems, and photography, for university wide events IEEE Machine Learning Team	ept' 2011 – Present
 ZK Technology Technology Intern Created a shipping rate calculator using JavaScript and information from FedEx, UPS, etc. to save the company thousands of dollars from miscalculated shipping costs Analyzed, graphed, and presented purchasing trends of customers using Microsoft Excel and PowerPoint to improve daily business operations and customer interactions Leadership Activities TED^xRutgers Technology Director Developed, designed, and maintained the conference website, using HTML, CSS, JavaScript, and Bootstrap, to handle event logistics, registration, and ticket selling Coordinated all technology related needs, such as live feeds, stage lighting, audiovisual systems, and photography, for university wide events IEEE Machine Learning Team 	
 Created a shipping rate calculator using JavaScript and information from FedEx, UPS, etc. to save the company thousands of dollars from miscalculated shipping costs Analyzed, graphed, and presented purchasing trends of customers using Microsoft Excel and PowerPoint to improve daily business operations and customer interactions Leadership Activities TED*Rutgers Technology Director Developed, designed, and maintained the conference website, using HTML, CSS, JavaScript, and Bootstrap, to handle event logistics, registration, and ticket selling Coordinated all technology related needs, such as live feeds, stage lighting, audiovisual systems, and photography, for university wide events IEEE Machine Learning Team Machine Learning Team 	Piscataway, NJ
UPS, etc. to save the company thousands of dollars from miscalculated shipping costs • Analyzed, graphed, and presented purchasing trends of customers using Microsoft Excel and PowerPoint to improve daily business operations and customer interactions **Leadership** **TED**Rutgers Technology Director** • Developed, designed, and maintained the conference website, using HTML, CSS, JavaScript, and Bootstrap, to handle event logistics, registration, and ticket selling • Coordinated all technology related needs, such as live feeds, stage lighting, audiovisual systems, and photography, for university wide events **IEEE* Machine Learning Team** **Machine Learning Team** **Machine Learning Team**	e 2013 – Aug' 2013
Leadership TED ^x Rutgers Technology Director M Activities • Developed, designed, and maintained the conference website, using HTML, CSS, JavaScript, and Bootstrap, to handle event logistics, registration, and ticket selling • Coordinated all technology related needs, such as live feeds, stage lighting, audiovisual systems, and photography, for university wide events IEEE Machine Learning Team M	2013 1148 2013
• Developed, designed, and maintained the conference website, using HTML, CSS, JavaScript, and Bootstrap, to handle event logistics, registration, and ticket selling • Coordinated all technology related needs, such as live feeds, stage lighting, audiovisual systems, and photography, for university wide events IEEE Machine Learning Team	
JavaScript, and Bootstrap, to handle event logistics, registration, and ticket selling • Coordinated all technology related needs, such as live feeds, stage lighting, audiovisual systems, and photography, for university wide events IEEE Machine Learning Team	New Brunswick, NJ
 Coordinated all technology related needs, such as live feeds, stage lighting, audiovisual systems, and photography, for university wide events IEEE Machine Learning Team 	Dec' 2015 – Present
IEEE Machine Learning Team	
·	
	New Brunswick, NJ
• Programmed in Python with Jupyter Notebook by using data analysis libraries such as See Pandas and NumPy to craft stories from datasets and present them to team members	ept' 2015 – Present
 Participated in various Data Science competitions through Kaggle, including the San 	
Francisco Crime Classification and Painter by Numbers competitions	
	New Brunswick, NJ
	Feb' 2016 – Present
Taught new members about professionalism and relevant business topics such as Networking Accounts hilts Communication Big Data, and Investment Bonking.	
Networking, Accountability, Communication, Big Data, and Investment Banking • Pitched ten stocks worth \$100,000 for a 401k retirement fund spanning 30 years	
BAPS Charities Regional Core Team	Edison, NJ
1 0	ept' 2011 – Present
conventions which host over 3,000 delegates and 300 volunteers	1
• Completed over 1,000 hours of community service in a period of six years	
Distinctions Top 10 – Google Case Competition 2015 Google Community Leaders	Program
3 rd Place – Management Information Systems 2015 Future Business Leaders of A	
Plenary Speaker – United Nations Headquarters 2015 National Model United National	
1 st Place – Website Design 2014 Future Business Leaders of A	America
Skills & Programming: Java, Python, C, R, SQL, UNIX, HTML5, CSS3, JavaScript, Swift, Assembly Lang	guage (x86), Stata
